ISC board meeting 5/27/2021

Roll call: Matt McCormick, Beatriz Paniagua, Andras Lasso, Jon Haitz Legarreta Gorrono,

Matt: Updates on the tax issue for dissolution
- NumFocus hired a CPA to help us
- Texas-based reached out to the New York entity
- Difficult due to IRS being understaffed
- Might need to file back taxes (might need file as for-profit status)
- CPAs are busy until June

Other items:
- Insight Journal
    - Php website needs to be taken down (urgently) for security reasons.
    - Working to maintain access to the articles
    - Get funding for Pablo's work in aiding migration
    - Any value in incorporating into ITKExamples?
    - VTK/Slicer analogs
    - Support for VTK contributions
    - "Documentation continues to be important for the software development process"
    - Matt: Propose motion to submit Pablo's proposal for the next funding round. Jon: Second. Unanimous.
- Webpage updates
    - all fixed,
    - h/t Jon Haitz
- Google season of the docs
    - we made the deadline
    - future matter for discussion
- Did not meet deadline for diversity grant (Moore grant?)
- Medical data format (Andras)
    - Address Nifti problems
    - ITK Discourse discussion —
        - ome file format
        - similar to hdf5 (without the problems)
        - primarily python-implemented but others are catching up
    - Continue discussion next time
